TRANSMITTAL OF "200-TW-1 SCAVENGED WASTE GROUP OPERABLE UNIT AND
THE 200-TW-2 TANK WASTE GROUP OPERABLE UNIT RI/FS WORK PLAN,"
DOE/RL-2000-38, DRAFT A

Attached are copies of the subject document for review and comment by the U.S. Environmental Protection Agency (EPA) and the State of Washington Department of Ecology (Ecology). Transmittal of this work plan satisfies the Hanford Federal Facility Agreement and Consent Order Milestone M-13-23 and M-13-24 for submittal of the 200-TW-1 and 200-TW-2 OU RI/FS Work Plan to EPA and Ecology by August 31, 2000. In addition, two copies of BHI-01356, Revision 0, "200-TW-1 and 200-TW-2 Data Quality Objectives Summary Report," are attached for your information, as well as a Draft Hanford Federal Facility Agreement and Consent Order Change Package.

This work plan is the fourth in a series of several which follow the streamlined approach outlined in the "200 Areas RI/FS Study Implementation Plan, Environmental Restoration Program," for characterization and remediation in the 200 Areas. The work plan contains the elements of a Comprehensive Environmental Response, Compensation and Liability Act RI/FS work plan. A sampling analysis plan and waste control plan accompany the work as appendices.

The Data Quality Objectives (DQO) Summary Report contains the results of the DQO process performed for the 200-TW-1 and 200-TW-2 OU characterization efforts. It provides the basis for the characterization decisions made in the work plan. The regulator review period is scheduled from August 21, 2000, to September 20, 2000. The U.S. Department of Energy, Richland Operations Office (RL) had initially planned to issue a Draft B of the work plan for public

review. At the completion of the EPA's and Ecology's review of the Draft A work plan, RL would like to confirm the need for a public review cycle.

If you should you have any questions, please contact Bryan L. Foley, Environmental Restoration Division, on (509) 376-7087.

Sincerely,

Jon K. Yerxa, Acting Program manager
Office of Regulatory Liaison
